

# Ripstop NYLON RETRIEVAL BAGS

Espiner Retrieval Bags are durable, easy to use and are available in a wide range of sizes. In many instances, the Espiner product line is 35% less expensive than other manufacturers.

All Espiner bags are made with Ripstop nylon material, which resists tearing, leaking and bursting.

## ESPINER'S RIPSTOP NYLON BENEFITS

- Resistant to tearing—even if punctured with scissors or cautery
- High contrast black stitching for clear view of mouth opening
- Manufactured from Espiner's unique lightweight ripstop nylon, making it leak-resistant to biological fluids
- Stitched vs. glued seams withstand substantially more pressure than glued seams
- Bag becomes translucent when wet for greater visibility
- Monofilament drawstring closes securely and can be reopened
- Bag can be reused multiple times in the same procedure

## MasterSac Introducer-Style Specimen Retrieval Bag

Flexible plastic arms deploy and automatically open bag

Industry leading mouth opening makes it easy to insert specimen

Ergonomic handpiece features gated thumb ring that easily releases the drawstring

## 100WG Mouth Opening

**12%  
LARGER**

than  
Applied Medical Inzii  
& Medtronic  
Reliacatch

Product Order Code	Introducer/Trocar Dia. (mm)	Mouth Dia. (mm)	Volume (ml)	# per box
EMP100-WG-6	10	64	200	6
EMP120-WG-6	10	85	550	6
EMP160-WG-3	12	110	1,500	3
