

MaxRetract™

Self-Retaining Retractor

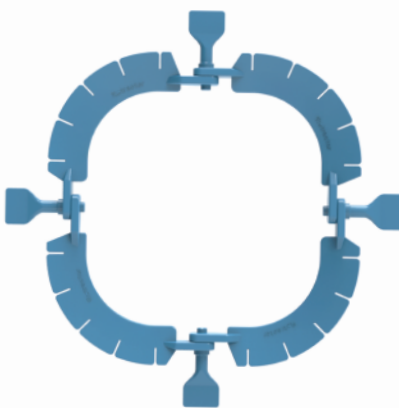

Exceptional
Visibility
and Access

Self-retaining retractor system offers unobstructed visualization, and access for a wide range of surgical procedures.

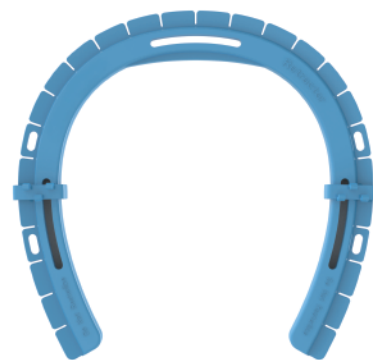

3304G-SPI

- Rings are available in a variety of flexible, articulating shapes appropriate to the surgical site, and are further customized via adjustable, lockable hinges.
- **Significant Cost Savings**
Typically 50% less expensive compared to the current market leader
